GVT (Glazed Vitrified Tiles) and PGVT (Polished Glazed Vitrified Tiles) are popular choices when it comes to glossy tiles for flooring and wall applications. These tiles offer a combination of aesthetic appeal, durability, and easy maintenance, making them a preferred option for both residential and commercial spaces.

GVT tiles are made by glazing vitrified tiles, which involves applying a layer of liquid glass on the surface of the tile and then firing it at high temperatures. This process results in a glossy and smooth finish that enhances the tile's visual appeal. GVT tiles come in a wide range of designs, patterns, and colors, allowing for versatile usage and customization options.

Why us

The result of a revolutionary technology that eliminates all limits of conventional materials.

With the help of pressure and temperature we transform 100% natural materials into our refined designs. We bring together the best of both worlds of nature and technology.

For us, Quality and above all Quality in Innovation is the keystone of every activity, the value that must underlie its market identity, and which it must systematically deliver to its own partners. It is only through research and innovation that something unique and exclusive can really be created, because it is through the choice of the materials to be placed in the spaces around us that we change our quality of life.
