Abstract

collection

Each piece showcases the craftsmanship and attention to detail the mid-century style is famed for, with clean lines and geometric shapes. This collection is the perfect choice for those who want to add a touch of luxury, exclusivity and a nod to the past in their spaces.

The metallic décor brings an extra hint of luxury and sophistication to this captivating collection. Copper-toned accents highlight the geometric designs and enhance the beauty of each piece, adding a warm glow and a contemporary look. The contrast between wood and metal creates a visually striking combination.
