combination of art & architecture

# COMBINATION OF ART & ARCHITECTURE

THE HOME OF  
OUR DREAMS

# artistic

With our latest collection the design possibilities are endless. It encompasses all the beauty of our exclusive surfaces in a single tool capable of offering ample creative potential: a complete stylistic project for inspiration, color range, and availability of formats and decors.

# revealing

Each of our surfaces evokes the expressive potential of the most popular designs in interior design. Ours technological know-how has made it possible to precisely reproduce the richness of detail of the original material, faithfully and infinitely replicating all its natural beauty.

We've manufactured the surfaces in prestigious sizes in order to emphasize their beauty. All of the surfaces can be mixed and matched in order to create aesthetic excellence in your space.

# texturing

When considered as a whole collection, Victoria offers a complete decorative framework full of creative solutions for floors and walls. Refined geometries, contemporary finish, and precious inserts add value to any project. Contrasting colors & styles enhance the beauty of the surface, adding a unique dynamism to the room.

The surfaces of Victoria evoke the charm of tradition to create settings characterized by a mix of materials that unveil a sophisticated harmony of the contemporary and classical.

AN ARTISTIC SERIES  
THAT CAN BRING  
AN INNOVATIVE  
APPEAL TO LIVING  
SPACES OF ALL KINDS.

For US, a social and environmental commitment is not a luxury but an absolute necessity. The practices embraced by its work teams and constant investment into technology both play an important part in the fight for a more sustainable, safe future.

Unlike other materials, ceramic tiles are inert products with a long useful life. Boffo, believes in creating architecture that contributes to the art, design and Sustainability.
