GVT (Glazed Vitrified Tiles) and PGVT (Polished Glazed Vitrified Tiles) are popular choices when it comes to glossy tiles for flooring and wall applications. These tiles offer a combination of aesthetic appeal, durability, and easy maintenance, making them a preferred option for both residential and commercial spaces.

GVT tiles are made by glazing vitrified tiles, which involves applying a layer of liquid glass on the surface of the tile and then firing it at high temperatures. This process results in a glossy and smooth finish that enhances the tile's visual appeal. GVT tiles come in a wide range of designs, patterns, and colors, allowing for versatile usage and customization options.
